Your COVID-19 Safety Plan

Outdoor events

Business details

Business name	St George District Netball Association Inc.
Business location (town, suburb or postcode)	Rockdale
Select your business type	
Community sports	
Completed by	Lara Mina
Email address	sdnasecretary@gmail.com
Effective date	29 March 2021
Date completed	6 April 2021

Wellbeing of staff and customers

Exclude staff, performers and attendees who are unwell from the event.

Agree

Provide staff with information and training on COVID-19, including on when to get tested, physical distancing, wearing masks, and cleaning.

Agree

Display conditions of entry including requirements to stay away if unwell and record

keeping.

Agree

Other types of venues or facilities within the premises must complete COVID-19 Safety Plans where applicable. If contact details are captured electronically upon entry to the main premises on the relevant day, additional collection of contact details via electronic methods may not be required if there is no other public access to the sub-premises. However, additional contact details and time of entry must be captured where these sub-premises are indoor gyms, nightclubs, dine-in hospitality venues, pubs and bars.

There are no sub-premises.

Physical distancing

Capacity for a non-controlled outdoor event must not exceed the lesser of 1 person per 2 square metres of space of the premises in which the activity is conducted, or 5,000 persons.
Capacity for a controlled outdoor event (seated, ticketed and enclosed) must not exceed the lesser of 1 person per 2 square metres of space of the premises in which the activity is conducted, or 10,000 persons.

Agree

Support 1.5m physical distancing where possible.

Agree

Avoid congestion of people in specific areas where possible.

Agree

Consider having strategies in place to manage gatherings that may occur immediately outside the premises and in any designated smoking areas.

Agree

Where practical:
- Encourage private transport options to minimise crowding on public transport

- Coordinate with public transport to minimise COVID-19 risks associated with transportation to and from the venue if crowding may occur.

Agree

Hygiene and cleaning

Adopt good hand hygiene practices. Have hand sanitiser at key points around the venue.

Agree

Ensure bathrooms are well stocked with hand soap and paper towels or hand dryers.

Agree

Clean frequently used indoor hard surface areas (including children's play areas) at least daily with detergent/disinfectant. Clean frequently touched areas and surfaces several times per day.

Agree

In indoor areas, increase natural ventilation by opening windows and doors where possible, and increase mechanical ventilation where possible by optimising air conditioning or other system settings (such as by maximising the intake of outside air and reducing or avoiding recirculation of air).

Agree

Record keeping

Keep a record of the name, contact number and entry time for all staff, attendees and contractors for a period of at least 28 days. Contact details must be collected for each person using a contactless electronic method, such as a QR Code or similar, including a spreadsheet or database for community sporting events.

Agree

Processes must be in place to ensure that customers provide the required contact information, such as by checking customer phones for the green tick to confirm they have checked in.

Agree

Records must be provided as soon as possible, but within 4 hours, upon request from an authorised officer.

Agree

If a person is unable to provide contact details, for example due to age or language barriers, another person may provide contact details on their behalf. If there are unexpected circumstances which prevent the use of electronic methods to collect contact details (such as an internet outage), any paper records must be entered into an electronic format such as a spreadsheet within 12 hours.

Agree

I agree to keep a copy of this COVID-19 Safety Plan at the business premises

Yes
